This eBook brought to you by: [Buy-Ebook.com](#)

Our site has got a great collection of the best ebooks which are sold on the Internet, but at a lower price than on any other site.

1 -- PLAY DOUGH

1 c. salt
1 1/2 c. flour
1/2 c. water
2 tbsp. oil
A few drops of food coloring
(optional)

Mix thoroughly and store in plastic bag or covered jar. Children can pull and pound it and cut out shapes with cookie cutters. If left to dry will harden and then it can be painted. Non-toxic. Hint: If kids dust their hands with a little flour before play, the dough won't stick to their hands.

2 -- SOAP BUBBLES

1 c. soap flakes or 1/4 c. liquid dish
soap
1 c. water
1/2 tsp. cooking oil

Mix in cup or old juice can. Give kids a plastic drinking straw. This makes a good bathtub toy or outdoor play idea.

3 -- NO COOK PASTE

A handful of flour
Water (a little at a time) until gooey

It should be quite thick, so it won't run all over the paper. Add a pinch of salt. Non-toxic. Great for pasting scraps of paper, old Christmas cards. Its not too sticky.

4 -- SHAVING-SOAP FINGER PAINTS

Use 1 can non-mentholated shaving soap
Powdered paint, sprinkled on will
give delightful colors

This can be played with on paper, the kitchen table or counter. Be sure to dress the kids in washable paint shirts or aprons. Keep soap out of eyes. Not recommend for little ones who put everything in their mouths.

5 -- FLOUR AND WATER FINGER PAINT

1 c. flour
1 c. water
2 tsp. salt

Mix to consistency of thick gravy. Food coloring as desired
Sm. margarine tubs work well for the individual colors.

Mix flour, water and salt to make the paste the consistency of thick gravy. Sprinkle in the food coloring. Be sure to dress little ones in an old apron or shirt. Put spoonfuls of paint on kitchen table or sheets of butcher paper and let them create. Cleans up fairly easily.

6 -- CLAY

1 c. cornstarch
2 c. salt

Enough water to make a thick paste

Stir while cooking, and cook until stiff. Allow this to cool, and cover with a damp cloth until ready to use. Coloring may be added before cooking or when molded; let dry, then paint with water color. --

HOW TO CARE FOR CLAY:--

Clay can always be broken up, dampened, and used again - even after it has been painted. When it has been used, but has not been allowed to become hard, poke holes in the clay with your finger or with a pencil, fill these with water (to restore the original dampness) and place in an airtight crock or in a galvanized pail with a tight cover. A damp cloth placed over the clay will help to keep it moist until the next time.

7 -- SPOOL KNITTER

Get an empty thread spool and draw center lines across the end. Drive four small-headed brads or common pins that have been cut with pliers, making them about 3/4-inch long into the spool. The illustration on the craft divider page shows the location for the pins.

8 -- KNITTER PICK

The knitter pick can be made by driving a fine brad into a handle that has been whittled round. File brad sharp, and bend slightly. A finer one can be made by driving a good-sized sewing needle into a stick, pulling it out, and forcing the eye into the hole. Heat point over flame, and when needle point is red hot, bend slightly.

9 -- SPRING POTPOURRI

4 oz. rosebuds
2 oz. lavender flowers
2 oz. deer's tongue herb
2 oz. peppermint
2 oz. calamus root
1 oz. black malva flower
1 oz. marigold flowers
1 oz. peony flowers

1 oz. bay leaves
20 drops orris root oil
10 drops blue lilac oil

Mix all dry ingredients, then add the essential oils, which have also been pre-mixed. Mix and store away from direct sunlight. Store in cool dry place. Use only glass, wooden or ceramic container and utensils. Add oils with an atomizer or spritzer or eye dropper. Age in airtight container for a few days to a few weeks - gently stirring once or twice a week.

10 -- A BIBLICAL RECIPE FOR EFFECTIVE CHILD TRAINING

1 gallon faith in God
7 cupfuls love for your child
1 cup patience
1 cup clarified instruction
1 cup consistent discipline (whipped
lightly)
3 teaspoons of pure mercy
1 generous dash of humor
2 cupfuls praise
2 cupfuls liberty

Pour faith in God into any size family. Mix one teaspoon of clarified instruction and one teaspoon of consistent discipline. Add only a half cup of liberty initially. Stir well and chip lightly. Sprinkle in pure mercy and simmer over a steady flame of prayer. Proceed to fold in additional teaspoons of instruction and discipline, in equal amounts, adding liberty slowly. Stir well and whip as needed to smooth out any lumps of disobedience. Never overbeat! Sweeten to taste with humor and praise. Melt any specks of misunderstanding or sour attitude by turning up the level of prayer and adding extra instruction. Continue this process until all remaining ingredients have been added and all bitterness has been removed. When adding the last cup of liberty, be careful not to cause any sudden separation or foaming. If either of these occur, or if the moral character begins to lose its intended shape, skim off the excess liberty until the desired consistency results. Try adding this liberty again later when character is firmer. Keep warm over a steady flame of prayer. Serve with a tender heart and the sincere milk of God's Word. Never serve with a cold shoulder or a hot tongue.

11 -- HOMEMADE MODELING CLAY

1 c. flour
1 c. salt
1 tbsp. powdered alum (opt.)
Water

Mix just enough water to make it smooth and workable. If clay gets dry, mix in a little more water. Store tightly covered.

12 -- CHRISTMAS SPONGE ART

White paper
Scissors
Dry sponge
Ballpoint pen

Water colors (red & green)

Draw a yuletide motif on white paper. Then, with your parents help, cut out and place on a dry sponge (one with tiny holes in the sponge are the best). Then trace the pattern with your ballpoint pen and cut out the shape (again, with your parents help). Then, dip in paint, squeeze excess paint out and blot onto either plain white or solid colored wrapping paper. You can stamp each sponge several times before re-dipping in the paint. This even dresses up plain newspaper wrapping! Great for any time of the year!

13 -- STATIONARY OR CARDS

Plain paper

Sponge

Acrylic paint(s)

Marking pen

Take a piece of plain paper and fold in half. With the folded part at the top, it looks like a note card. Take the sponge and dip it into the acrylic paint which is in a saucer. Design on the front and also on the back of an envelope. Then take a very thin marking pen and write really fancy "Happy Birthday" or whatever the occasion is. Children love to make cards and it's also an easy way to have a card in a hurry!

14 -- ROSE WATER

1 qt. distilled water

1/2 pt. 70% proof alcohol (not
Isopropyl)

2 c. rose petals, red or pink - old
fashioned variety chemical free,
freshly picked & clean

1 tbsp. orris root, powdered

10 drops rose oil

1 gallon clear jar

Place rose petals and 1 cup of distilled water in blender and blend until fine. Pour into one gallon jar and add remaining ingredients. Cover tightly and set in sun to steep for two weeks. Strain into clean large bowl or container. Pour into small glass containers or antique perfume bottles. Use to scent bath water or as an after bath splash.

15 -- GELATIN CRITTERS

2 env. unflavored gelatin

1 pkg. (4 - 1/2 c. servings) sugar
free strawberry-banana flavor
gelatin

1/4 tsp. ground cinnamon

1 1/2 c. boiling water

In a medium bowl, stir gelatins together with a fork. Stir cinnamon into boiling water until dissolved. Add water to gelatin and stir until dissolved. Pour into an 8" to 9" square pan. Chill about 2 hours, until firm. Using 2" to 3" animal cookie cutters (such as cat, owl, horse) cut out shapes. (These little

critters do not melt at room temperature.) Makes 8 servings. (You could also use any cut out shapes, according to the holiday at hand!)

16 -- CHOCOLATE FINGER PAINT

1 (4 oz.) pkg. instant chocolate
pudding & pie filling
2 c. cold milk

Put pudding mix and milk in a medium size bowl. Beat with electric mixer at low speed for two minutes. Let set until it thickens. Finger paint on white construction paper and let dry for several hours. Now it's ready to hang up.

17 -- BUBBLE BATH

1/2 c. liquid hand soap
1 c. epsom salt
5 drops glycerin
Few drops of food coloring
Few drops of fragrance

Mix well, shake right before using. Pour into bathtub while water is running and enjoy.

18 -- HOMEMADE PASTE

1 c. flour
1/2 c. water

Combine above and mix until creamy. Store in air tight container. For more durable paste, add 1/2 cup flour to 1 cup boiling water. Stir over low heat until thick and shiny.

19 -- FINGER PAINT

Mix homemade paste (recipe listed in this book) with equal amount of liquid detergent. (Ivory dishwashing.) Add food coloring one drop at a time. Mix well. Enjoy.

20 -- SILLY PUTTY

1 c. Elmer's glue
2 1/2 c. liquid starch
Food coloring

In a medium bowl, mix glue and one cup of the starch together. Add a few drops of food coloring, if you wish. Cover bowl, and let it stand overnight. The next day slowly stir in with a spoon 1 to 1 1/2 cups of the starch until a big blob forms. Pour off extra starch. Store in an air tight container. (NOTE: It's hard to stop playing with this stuff.)

21 -- FUNNY FACE MAKE-UP

2 tsp. white shortening
5 tsp. cornstarch
1 tsp. white flour

4 drops glycerin (found at your pharmacy)
Few drops of food coloring

In a small bowl, mix shortening, cornstarch and white flour. Add four drops of glycerin. Stir to a creamy consistency. Add any food coloring that you wish. For brown makeup, add 2 1/2 teaspoons of unsweetened cocoa instead of food coloring and you're all set.

22 -- SOAP CRAYONS

One ice cube tray
Liquid food color
2 tbsp. hot water for each crayon
1 c. soap flakes
Small bowl
Spoon

For each color, put two tablespoons of hot water and one cup of soap flakes into a bowl. Add as many drops of food color to the mixture as you wish. Stir the soap mixture until it thickens. This takes time, so be patient! Press spoonfuls of the first color of soap into the sections of the ice tray. Mix enough soap in other colors to fill the ice tray, following the above directions again. Let the soap crayons dry for one or two days. Gently bang the ice tray to loosen the crayons. Pack them in a box for gift-giving. Great for birthday presents or holidays.

23 -- HOMEMADE PLAYDOUGH

2 c. flour
1 c. salt
1/4 c. salad oil
3/4 - 1 c. water
Few drops of food coloring of your choice

Mix flour, salt and oil. Then add food coloring to the water. Finally add water to flour, salt and oil. Knead until it no longer sticks to your hands. Baggies may be used to store playdough in so it doesn't have to be divided every time it is used. Seal with plastic tie strings or coffee cans. If dough gets too hard or dries out, add more water. If dough gets too oily, add flour.

24 -- BAKERS DOUGH

1/2 c. salt
3/4 c. boiling water
2 c. flour
Aluminum foil

Place salt in bowl; pour boiling water over salt and stir. Cool. Add flour all at once and mix well by forming a ball and kneading the dough until it is smooth, soft and workable. Form your shapes (maybe for a Christmas ornament or your name) and bake at 300 to 350 degrees (depending on the thickness of the ornament) for 1 1/2 to 3 hours. You can also let it air-dry, but give it at least two to three days before painting it. Spray after paint dries with polyurethane to hold in and keep it shiny.

25 -- MY FIRST TERRARIUM

Large (32 oz.) plastic drink bottles,
empty

2 or 3 sm. plants

Artificial flowers or bugs

Sticks

Small stones

Potting soil

Soak the bottle in very warm water for a few minutes. Then empty it, pull off the colored bottom part and peel off the label. Clean the glue out of the bottom part. Put a layer of small rocks in the bottom part. Put potting soil over the rocks and then put in your plants. Be sure to press the roots of the plants down. Add more soil around your plants to fill the planter. Arrange pretty stones, tiny sticks, or tiny toy animals around the plants. Use a sharp knife to cut the top off the clear part of the bottle (about 4" from the cap). Turn the clear part upside down. Slip the cut edges into the planter to make a dome top. You can glue an artificial flower or bug to the dome for decoration.

26 -- PLAY DOUGH

1 c. white flour

1/4 c. salt

2 tbsp. cream of tartar

2 tsp. food coloring

1 tbsp. vegetable oil

1 c. water

Mix flour, salt and cream of tartar in a medium saucepan. Add water, food coloring and oil. Stir over medium heat for 3 to 5 minutes. Don't worry if the mixture looks like a gobbly mess; it'll turn into dough! (Be sure you have an adult to help watch this with you.) When the mixture forms a ball in the center of the pot, take it out and put it on a floured surface. Squeeze it and punch it around a bit (this kneads it). When you're done, put it in a plastic bag or air tight container and store it in the refrigerator.

27 -- DECORATOR BAGS

1 plain brown bag

Sponge

Acrylic paint(s)

Hole puncher

Twine or curling ribbon

Take a plain brown bag and a sponge cut into any shape. Dip into acrylic paint on a saucer and then place on bag and lift straight up. Use either one color or several. Allow to dry and then turn down a couple of inches at the top and use a hole puncher and punch two holes about 2" apart. Use either packing twine or curling ribbon through the holes and tie a bow. Makes a really cute country bag that is fun and inexpensive and easy to do. You can also use a stencil and stencil a design on the bag. This is fun for children since they can design it themselves! Can be used to give cookies or candies or gifts other than food items.

28 -- FINGER PAINTS

3 tbsp. sugar
1/2 c. cornstarch
2 c. water
Food coloring
Dish detergent
Plastic or paper cups

Mix the sugar and cornstarch together in a medium size saucepan. Add water and stir until well blended. Cook over a low heat stirring all the time (you may need an adult to help with this), until well-blended, about 5 minutes. Remove from stove, cool and pour into the plastic or paper cups. Carefully (so as not to spill on anything), add a little bit of food coloring to each cup and a drop of detergent. Now, enjoy!

29 -- FACE PAINTS

1 tsp. cornstarch
1/2 tsp. cold cream
Food coloring (your choice)
1/2 tsp. water

In a bowl combine all ingredients (except the food coloring) together. In a muffin tin fill each tin 2/3 full and drop in food coloring until desired color is met in the different tins. Stir carefully (so it doesn't splash into the next tin). Now you're ready for face painting for any occasion.

30 -- BATH SALTS

1 c. Epsom salts
Measuring cup
2 jars with lids
2 colored of liquid food color
1 pretty 8 oz. jar
A few drops of your favorite perfume
1/2 yard of ribbon, 1/2" to 1" wide

To make these good smelling bath salts, first measure 1/2 cup of Epsom salt into each jar with a lid. Add 15 drops of food color to each jar, one color per jar and put on the lids. Shake the jars until the Epsom salts are dyed evenly. If you want your colors to be darker, add more food color and shake again. Take off the lids and let the salts dry overnight. Now, make sure your pretty jar is all clean and dry. Then pour the dyed bath salts into the jar, alternating colors (you may want to get colors that go together well). Add a couple of drops of perfume to the bath salts, put on the lid and tie the jar with your pretty ribbon. Now you have a really nice present to bless someone with.

31 -- SOAP FLAKE SCULPTURES

4 c. soap flakes (any kind, NOT
detergent)
1/2 c. cold water

Place soap flakes and water in a medium size bowl. Squeeze the mixture together with your hands until it becomes slightly damp and sticks together. (This mixture dries quickly, so you'll have to work

fast!) Now you can form it into any shape you'd like, animals, snowmen, decorations, tree ornaments, etc. Place the finished sculpture(s) in the refrigerator to harden.

32 -- GIANT SOAP BUBBLES

Cold, clear water

Wire coat hanger

Frying pan

Glycerin (available at drugstores)

Joy or Dawn detergent (these work the best)

Bend a coat hanger into a loop (maybe dad or mom can help you). Mix 1/2 cup of Joy or Dawn detergent with 5 cups water. Measure carefully, as this makes a big difference. Stir well. Add two tablespoons of glycerin. This makes more durable bubbles. Now dip your coat hanger loop into the solution then wave it into the air. (Don't throw away any solution you didn't use - store it for next time. As it "ages", it gets even better!)

33 -- EGG YOLK PAINT

1 well blended egg yolk

1/4 tsp. water

Food coloring

Blend egg yolk and water. Divide mixture into several small cups. Add a different food coloring to each cup (bright colors are great). Paint on regular sugar cookies with small paint brushes. Bake cookies, being very careful not to let the cookies brown. (Should be golden in color.)

34 -- EGG CARTON CREATIONS

Empty, clean egg cartons

Cut along the bottom of three connected cups of an egg carton. Set cups bottom up. Make a face on the end cup with a felt pen or crayon. To make an antennae, curl the ends of 2 (2") pieces of pipe cleaner and stick them into the caterpillar's forehead. Another idea: Use a styrofoam egg carton. Fill cups with any combination of wild bird seed, sunflower seeds, raisins, apples, suet, seeds mixed with peanut butter, peanuts, bread crumbs, water, corn or berries. Place outside on a window sill or hang from a tree. Another idea: Plant one seed in each of the twelve cups. Water and watch your seeds grow (this could be a good lesson on tithing, also).

35 -- PLAY DOUGH

2 c. all-purpose flour

1 c. salt

4 tbsp. cream of tartar

2 c. water

2 tbsp. oil

Food coloring

1. Stir flour, salt and cream of tartar in a saucepan. 2. Add water and oil. 3. Cook over a low heat for 3-5 minutes, stirring well. 4. Give a chance to cool, then take out of pan and knead well. 5. Split into portions and add different colors to each piece, kneading well. 6. Enjoy!!!

36 -- EMERGENCY SUBSTITUTIONS

1 c. sifted cake flour = 7/8 c. sifted all-purpose flour. 1 c. corn syrup = 1 c. sugar & 1/4 c. liquid used in recipe. 1 c. whole milk = 1/2 c. evaporated milk & 1/2 c. water. 1 c. of buttermilk = 1 tbsp. vinegar & 1 c. of milk. 1 c. sour cream = 7/8 c. of buttermilk or sour milk & 3 tbsp. butter. 1 c. of brown sugar = 1 c. granulated sugar & 2 tbsp. molasses.

37 -- CINNAMON ORNAMENTS

No baking and simple for kids! Mix 1 cup of applesauce with 1 (4.12 ounce) bottle of ground cinnamon. Should form a stiff dough, add cinnamon as needed. Roll out to 1/4 inch thickness. Cut with cookie cutter. Make hole for ribbon. Carefully put on rack to dry. Let air dry several days turning occasionally. Makes about 12 sweet smelling ornaments.

38 -- JOURNALS

1 spiral notebook
Pencil
Crayons
Lots of Imagination!

Have children write everyday in the journals. Tell about days activities. They can draw pictures or paste in pictures and brochures of places they visit. Improves writing skills and expressive language. Great summer activity.

39 -- CHORE CHART

1 poster board
12 index cards
Tape
Markers
Index cards
12 X # of children you have
Take index cards on poster board. Write chore you desire on the index cards. Write names of children on each card and put 1 set behind each chore. Hang in kitchen and rotate jobs each week.

40 -- EASY SPLASH PLACE

Cut in a rubber tire in half and it will make 2 containers for children to play in.

41 -- TOOTHPICK ACT

Use plain and colored. Toothpicks are fun to arrange on a table in different designs. *Sticking the toothpicks into a dry sponge or apple to make a fun creature.

42 -- BEAN - CRACKER ART

Children can make designs on a table top with dry beans, oyster crackers or fish crackers. Use glue and construction paper and creation be saved.

43 -- NANNY'S EMERGENCY KIT

Use a small make up bag and put bandades, aspirin, tylenol for your children, thermometer, sewing kit, wipes, nail clippers and anything else you might need in an emergency. Put in purse and your ready for anything.

44 -- SNOW PAINTING

Save squirt bottles and make colored water using food coloring and water. Bundle up and go outside and create colored snow.

45 -- PAINTING

There many great ways to use paint: 1. Sponge Painting - Cut sponges in different shape. 2. Stick Painting - Dip end of popsicle sticks, towels, blocks and press on paper. 3. Splatter Painting - Paint with a toothbrush. Dip brush in paint and use popsicle stick to pull bristles away from kids toward paper. Use leaves or figure shapes and splatter shapes.

46 -- BAKER'S CLAY

2 c. flour
1/2 c. salt
3/4 c. water

Knead 4 to 6 minutes to mix. Shape into ornament or other object. Bake finished objects at 300 degrees for 1 hour. Objects can be painted and shellacked. Or before baking, brush with beaten egg white for a shine.

47 -- SOAP CRAYONS

One cup Ivory Snow. Add 30-40 drops food coloring. Add water by teaspoonful until soap is liquid, stir well. Pack soap into ice cream tray, muffin tins or form into sticks. Set in sunny, dry place for 2 days. Crayons will become hard and great for writing in the sink or tub.

48 -- MUFFIN PAN CRAYONS

Old crayons (bits and pieces)

Muffin pans

Muffin cup liners or "non-stick" spray

Peel crayons. Line/spray muffin pan. Put crayon pieces in muffin cups. Separate colors for single color chunks. Mix colors for rainbow ones. Bake at 200 degrees until melted. Cool, peel off liners if used.

49 -- FINGER PAINT

1/2 c. flour

1/2 tsp. salt

3/4 c. cold water

1/2 c. hot water

Mix flour and salt together in pan. Gradually add cold water, stir until smooth. Pour in hot water bring mixture to a boil. Cook until shiny. Pour into containers, add food coloring. Store in refrigerator.

50 -- EDIBLE FINGER PAINTS

Mix baby rice cereal with water and good coloring or use instant pudding or cooked cereals with coloring.
